

CUSTOM PROJECT FORM

Please read and initial below before filling out the rest of this form!!!

*Due to the fragile nature of assembled skeletons and the lack of consistency from shipping agencies, I am unable to offer refunds or free repairs on any pieces damaged upon return shipping. I take the utmost precautions carefully packaging the pieces and photographically documenting the process, as well as insuring every piece for twice the value. If damage does occur, I will gladly file the claim, but the client must be prepared to leave the item in its damaged condition, photograph the damaged piece, the package and the packing, and finally be willing to take the broken piece to a physical location for inspection. This is still not a guarantee that the agency will pay the claim in full (if at all), and claim denial is common. By initialing after this caveat and signing this form, you as the client consent to these conditions.

I have read and understand the refund and repair caveat*

Client's initials _____

I. Customer Info

Name _____ Animal Name _____

Common name _____ Date Shipped _____

Return Shipping Address _____

PayPal email (if no PayPal, then regular email) _____

II. Services (I will fill out)
